

### **Mission Statement.**

Our aim is to provide individuals of all ages living in the local area an opportunity to swim at a local competitive swimming club.

We pride ourselves on competing successfully at all levels, from local galas to National Championships.

Competitive swimming demands much from swimmers and their parents, but the rewards for hard work, dedication and commitment are high too.

This is not just measured by individual success, but in fostering team spirit, gaining self-discipline and confidence as well as improving fitness and making friends that last a lifetime.
